Invest in the future of the Gear Industry

It’s all about the Gear! The world needs gears to keep moving, and the AGMA Foundation needs you to move the gear industry into the future.

The AGMA National Training Center is an exciting opportunity to provide our industry with top-notch training at all levels.

Consider a donation today to secure the workforce of the future!

What can you donate?

- Gear Measurement Machine
- CNC cylindrical gear inspection machine
- Gear Tooth Caliper
- Hobbing Machines
- Handheld Micrometers
- Shaper Machines
- Flank Testers
- Hob Sharpener
- Gear Testers

And much more! Visit our website at AGMAFoundation.org/SpinItForward for a full list.

Keep the industry moving. Donate your machines and materials today.

The AGMA Foundation is now accepting your machines and materials for use in the new National Training Center.
About the AGMA National Training Center

The American Gear Manufacturers Association proudly presents the new AGMA National Training Center in collaboration with Richard J. Daley College in Chicago, Illinois. The 10,000 square foot Center will train over 800 students per year in classes ranging from Basic Gear Manufacturing, to advanced engineering courses such as Epicyclic Gear Design. Four new operator level courses will debut at the Center in 2020!

Your contributions will ensure that the AGMA National Training Center is equipped with relevant industry machines and materials, to create a first-rate learning environment for industry employees.

Donors will be prominently recognized at the Center, in grateful acknowledgment of their investment in the future of the gear industry.

Donations are Tax Deductible

Your machine, material, and cash donations to the AGMA National Training Center at Daley College are tax deductible through the AGMA Foundation. Submit your Donor Contract to the Foundation by March 31, 2020.

Contact the Foundation to be a Part of Something Huge

The AGMA Foundation is accepting donations for the AGMA National Training Center. Please visit our website AGMAFoundation.org/SpinItForward for full details on what is needed, and how to donate.
